Notice of Data Breach

Dear <<First Name>> <<Last Name>>,

What Happened

We are writing to notify you that American Israel Public Affairs Committee (“AIPAC” or the “Organization”) was the subject of a criminal cyberattack (the “Incident”). The Organization immediately commenced an investigation of the Incident, with assistance from third party experts, for the purpose of determining its scope and the identities of those the Incident may have affected.

Through its extensive investigation, AIPAC determined that the Incident resulted in unauthorized access to certain files stored on its information systems. The Organization then undertook the time- and resource-intensive steps of determining whether those files contained personally identifiable information (“PII”) and to identify the data subjects to whom that PII related.

On or about August 28, 2025, AIPAC determined that, during the period from October 20, 2024, to February 6, 2025, the threat actor(s) may have accessed PII on the affected systems that related to you. The Organization has not found any evidence that your information was misused as a result of the Incident.

What Information Was Involved

The impacted files may have contained your name, along with your <<Insert Data Elements>>.

What We Are Doing

Out of an abundance of caution, we are providing this notice to you so that you can take steps to minimize the risk that your information will be misused. The attached sheet describes steps you can take to protect your identity, credit, and personal information.

As an added precaution, we are offering identify theft protection services through IDX, a data breach and recovery services expert. IDX identity protection services include 12 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed id theft recovery services.

We encourage you to contact IDX with any questions and to enroll in free identity protection services by calling 1-833-788-9712 or going to <https://app.idx.us/account-creation/protect> and using the Enrollment Code provided above. IDX representatives are available Monday through Friday from 9 am – 9 pm EST. Please note the deadline to enroll is February 13, 2026.

The Organization treats all sensitive information in a confidential manner and is proactive in the careful handling of such information. Since the Incident, the Organization has taken a number of steps to further secure its systems. For instance, it has upgraded its data security program in the following areas: security posture management, non-human identity management, email data loss prevention, M365 access controls, escalated privilege alerts, geolocation restrictions, audit controls, and systems monitoring.

What You Can Do

In addition to enrolling in the credit monitoring services discussed above, the attached sheet describes steps you can take to protect your identity, credit, and personal information.

For More Information

We apologize for any inconvenience this Incident may cause you. If you have additional questions, please call our dedicated assistance line at 1-833-788-9712, Monday through Friday from 9 am – 9 pm EST, except holidays.

Sincerely,

A handwritten signature in black ink, appearing to read "Elliot Brandt", with a long horizontal flourish extending to the right.

What You Should Do To Protect Your Personal Information

We recommend you remain vigilant and consider taking the following steps to protect your personal information:

1. Contact the nationwide credit-reporting agencies as soon as possible to:

- Add a fraud alert statement to your credit file at all three national credit-reporting agencies: Equifax, Experian, and TransUnion. You only need to contact one of the three agencies listed below; your request will be shared with the other two agencies. This fraud alert will remain on your credit file for 90 days.
- You can also receive information from these agencies about avoiding identity theft, such as by placing a “security freeze” on your credit accounts.
- Remove your name from mailing lists of pre-approved offers of credit for approximately six months.
- Receive and carefully review a free copy of your credit report by going to www.annualcreditreport.com.

2. Carefully review all bills and credit card statements you receive to see if there are items you did not contract for or purchase. Also review all of your bank account statements frequently for checks, purchases, or deductions not made by you. Note that even if you do not find suspicious activity initially, you should continue to check this information periodically since identity thieves sometimes hold on to stolen personal information before using it.
3. The Federal Trade Commission (“FTC”) offers consumer assistance and educational materials relating to identity theft, privacy issues, and how to avoid identity theft, such as by setting up fraud alerts or placing a “security freeze” on your credit accounts. The FTC can be contacted either by visiting www.ftc.gov, www.consumer.gov/idtheft, or by calling 1-877-438-4338. If you suspect or know that you are the victim of identity theft, you should contact local law enforcement, and you can also contact the Fraud Department of the FTC, which will collect all information and make it available to law enforcement agencies. The FTC can be contacted at the website or phone number above, or at the mailing address below:
- Federal Trade Commission Consumer Response Center 600 Pennsylvania Avenue NW Washington, DC 20580
