<<b2b_text_1 (Notice of Data Breach)>>

Dear <<first_name>> <<last_name>>,

Mecklenburg County Public Schools (“MCPS”), like many school districts nationwide, was recently the victim of a cybersecurity incident involving ransomware. We are writing to inform you how your information may have been affected, and as a preventative measure, provide you with steps you can take to protect yourself.

MCPS takes the privacy and security of personal information very seriously, and we sincerely regret any concern this incident may cause you.

What Happened?

On or around September 2, 2025, the MCPS technology team detected disruptions to our systems. We quickly determined that we had become the victim of a ransomware attack. MCPS immediately took steps to stop the ransomware and engaged outside cybersecurity experts to assist and investigate this event. Thanks to the quick response of our technology team, our systems were rapidly secured and operations have returned to normal.

What Information Was Involved?

Based on a review by outside experts, we have determined that some of your personal information may have been impacted by this incident. Specifically, the following types of information might have been accessible: name, address, date of birth, and/or certain medical or diagnosis information and documentation that MCPS used to facilitate a safe and effective learning environment.

We have no evidence that this incident has placed your Social Security number or financial identity at risk. However, we have arranged for you to receive free identity monitoring out of an abundance of caution. More information about the free identity monitoring services we are providing through Kroll can be found in the attached Identity Theft and Protection Guide.

What We Are Doing

We have contacted and are cooperating with state and federal law enforcement, including the FBI’s Cyber Crimes Division and the Cyber Fusion Center of the Virginia State Police. MCPS is supporting all law enforcement investigations into this matter.

To relieve concerns, we have secured the services of Kroll to provide <<Monitoring Term Length (Months)>> months of identity monitoring for all individuals potentially impacted by this incident at no cost. Kroll is a global leader in risk mitigation and response, and its team has extensive experience helping people who have sustained an unintentional exposure of confidential data. Identity monitoring services being offered to you include Credit Monitoring, Fraud Consultation, and Identity Theft Restoration. Details on activating these services are included with this letter.

What You Can Do

Please review the enclosed “Additional Resources” section included with this letter. This section describes additional steps to help protect your student, including recommendations from the Federal Trade Commission regarding identity theft protection and details on placing a fraud alert or a security freeze on your credit file.

For More Information

If you have any further questions regarding this matter, please call (844) 354-3441 Monday through Friday, 9:00 a.m. to 6:30 p.m., Eastern Time, excluding major holidays. Please note that MCPS is utilizing Kroll as a vendor to facilitate this notification. The return mail address is to Kroll's mail processing center. We appreciate your understanding and patience.

Respectfully,

A handwritten signature in black ink, appearing to read "Scott C. Worner". The signature is fluid and cursive, with the first name "Scott" and last name "Worner" clearly distinguishable.

Dr. Scott C. Worner, Superintendent
Mecklenburg County Public Schools

ADDITIONAL RESOURCES

We have secured the services of Kroll to provide identity monitoring at no cost to you for <<Monitoring Term Length (Months)>> months. Kroll is a global leader in risk mitigation and response, and their team has extensive experience helping people who have sustained an unintentional exposure of confidential data. Take Advantage of Your Identity Monitoring Services

You have been provided with access to the following services from Kroll:

Single Bureau Credit Monitoring

You will receive alerts when there are changes to your credit data—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you'll have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft. To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

Fraud Consultation

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

STEPS YOU CAN TAKE TO FURTHER PROTECT YOUR INFORMATION

Review Your Account Statements and Obtain and Monitor Your Credit Report

As a precautionary measure, we recommend that you remain vigilant by regularly reviewing and monitoring account statements and credit reports to detect potential errors or fraud and identity theft resulting from the security incident. You may periodically obtain your free credit report from one or more of the national credit reporting companies. You may obtain a free copy of your credit report online at www.annualcreditreport.com, by calling toll-free 1-877-322-8228, or by mailing an Annual Credit Report Request Form (available at www.annualcreditreport.com) to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281. You may also purchase a copy of your credit report by contacting one or more of the three national credit reporting agencies listed below.

Equifax
P.O. Box 740241
Atlanta, GA 30374
1-800-685-1111
www.equifax.com

Experian
P.O. Box 9701
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion
P.O. Box 1000
Chester, PA 19016
1-800-916-8800
www.transunion.com

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for inaccurate information, such as a home address and Social Security number. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

Notify Law Enforcement of Suspicious Activity

You should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, including local law enforcement, your state attorney general, and the Federal Trade Commission (FTC). To file a complaint with the FTC, use the below contact information or website.

The Federal Trade Commission
600 Pennsylvania Avenue, NW
Washington, DC 20580
1-877-ID-THEFT (1-877-438-4338)
TTY: 1-866-653-4261
www.IdentityTheft.gov

Complaints filed with the FTC will be added to the FTC's Identity Theft Data Clearinghouse, which is a database made available to law enforcement agencies. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company which the account is maintained.

Credit Freezes

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued when you initiate a freeze. A credit freeze is designed to prevent potential creditors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. Should you wish to place a credit freeze, please contact **all three** major consumer reporting agencies listed below.

Equifax
P.O. Box 105788
Atlanta, GA 30348
1-800-685-1111
www.equifax.com

Experian
P.O. Box 9554
Allen, TX 75013
1-888-397-3742
www.experian.com

TransUnion
P.O. Box 2000
Chester, PA 19016
1-888-909-8872
www.transunion.com

You must separately place a credit freeze on your credit file at each credit reporting agency. The following information should be included when requesting a credit freeze:

- 1) Your full name, with middle initial and any suffixes;
- 2) Your Social Security number;
- 3) Your date of birth (month, day, and year);
- 4) Your current address and previous addresses for the past five (5) years;
- 5) A copy of your state-issued identification card (such as a state driver's license or military ID);

- 6) Proof of your current residential address (such as a current utility bill or account statement); and
- 7) Other personal information as required by the applicable credit reporting agency.

If you request a credit freeze online or by phone, then the credit reporting agencies have one (1) business day after receiving your request to place a credit freeze on your credit file report. If you request a lift of the credit freeze online or by phone, then the credit reporting agency must lift the freeze within one (1) hour. If you request a credit freeze or lift of a credit freeze by mail, then the credit agency must place or lift the credit freeze no later than three (3) business days after getting your request. More information regarding credit freezes can be obtained from the FTC and the major consumer reporting agencies.

Fraud Alerts

You also have the right to place an initial or extended fraud alert on your file at no cost. An initial fraud alert will stay on your credit file one (1) year. The alert informs creditors of possible fraudulent activity within your report and requires the creditor to verify your identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years. Should you wish to place a fraud alert, please contact any one of the three major consumer reporting agencies listed above. The agency you contact will then contact the other two. More information regarding fraud alerts can be obtained from the FTC and the major consumer reporting agencies.

Monitor Your Personal Health Information

If applicable to your situation, we recommend that you regularly review the explanation of benefits statement that you receive from your insurer. If you see any service that you believe you did not receive, please contact your insurer at the number on the statement. If you do not receive the regular explanation of benefits statements, contact your provider and request them to send such statements following the provision of services in your name or number. You may want to order copies of your credit reports and check for any bills that you do not recognize. If you find anything suspicious, call the credit reporting agency at the phone number on the report. Keep a copy of this notice for your records in case of future problems with your records.
