**Re: Notice of Data Security Incident**

Dear Attorney General Frey:

Constangy, Brooks, Smith & Prophete, LLP, represents Sax, LLP (“Sax”) in relation to a recent data security incident. Sax takes the protection of all information within its possession very seriously and has taken measures to reduce the likelihood of a similar incident from reoccurring. This notice is being sent on behalf of Sax because personal information for approximately 244 Maine residents could have been involved in the incident.

**1. Nature of the Security Incident**

On August 7, 2024, Sax identified unusual activity involving its network. In response, Sax immediately took steps to ensure its environment was secure. Sax also initiated an investigation, aided by independent cybersecurity experts, to determine what happened and whether sensitive information may have been affected. This forensic investigation determined that certain Sax data may have been accessed or acquired without authorization in connection with this incident. As a result, Sax conducted a comprehensive review of the potentially affected data to identify whether any individuals’ personal information may have been involved, as well as individuals’ contact information in order to effectuate notifications. At the conclusion of this process in December 2025, Sax arranged for notification to potentially affected individuals.

The potentially affected information varies for each individual but may have included individuals’ date of birth, Social Security Number, driver’s license or state identification number, and/or passport number.

**2. Number of Maine Residents Affected**

On December 16, 2025, Sax notified approximately 244 Maine residents within the potentially affected population, via USPS First-Class Mail. A sample copy of the notification letter sent to the impacted individuals is included with this correspondence.

### **3. Steps Taken Relating to the Incident**

As soon as Sax learned of the unusual network activity, they took steps to secure their systems and initiated an investigation to learn more about what happened and what information could have been affected. Sax implemented additional safeguards to help ensure the security of its systems and to reduce the risk of a similar incident occurring in the future.

Sax is providing those whose Social Security number was involved with identity protection services through Epiq. The Epiq identity protection services include 12 months of credit monitoring, dark web monitoring, credit protection, and identity restoration and lost wallet assistance. In addition, Sax has established a toll-free call center through Epiq to answer questions about the incident and address related concerns.

Additionally, Sax is providing impacted individuals with guidance on how to better protect against identity theft and fraud. Sax is also providing individuals with information on how to place a fraud alert and security freeze on their credit file, the contact details for the national consumer reporting agencies, information on how to obtain a free credit report, a reminder to remain vigilant for incidents of fraud and identity theft by reviewing account statements and monitoring free credit reports, and encouragement to contact the Federal Trade Commission, their state Attorney General, and law enforcement to report attempted or actual identity theft and fraud.

## ADDITIONAL STEPS YOU CAN TAKE TO FURTHER PROTECT YOUR INFORMATION

**Review Your Account Statements and Notify Law Enforcement of Suspicious Activity:** As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (the “FTC”).

**Copy of Credit Report:** You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting [www.annualcreditreport.com](http://www.annualcreditreport.com), calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

**Equifax**  
P.O. Box 105851  
Atlanta, GA 30348  
1-800-525-6285  
[www.equifax.com](http://www.equifax.com)

**Experian**  
P.O. Box 9532  
Allen, TX 75013  
1-888-397-3742  
[www.experian.com](http://www.experian.com)

**TransUnion**  
P.O. Box 2000  
Chester, PA 19016  
1-833-799-5355  
[www.transunion.com](http://www.transunion.com)

**Fraud Alert:** You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at [www.annualcreditreport.com](http://www.annualcreditreport.com).

**Security Freeze:** You have the right to put a security freeze on your credit file at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

**Additional Free Resources:** You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
