Re: Notice of Data Security Incident

Dear Attorney General Labrador:

This notice is provided on behalf of Latah County, Idaho (the "County"). Recently, the County learned that the personal information of two (2) Idaho residents was inadvertently left unredacted in a County file posted on the Idaho Supreme Court's website. Upon learning this, the County immediately worked to mitigate any potential harm by ensuring that the files containing the personal information were no longer publicly accessible. The County also began working with external legal counsel to determine the scope of the incident.

On January 16, 2026, as part of its investigation, the County determined that this incident involved unauthorized acquisition of personal information, as defined by Idaho law. The County is working with its legal counsel to comply with its notification obligations and will be providing written notice to affected individuals as soon as possible, together with an offer of complimentary credit monitoring.

Please do not hesitate to contact me if you have any questions or concerns.

Sincerely,

Matthew H. Meade, Esq.
