ADDRESS REDACTED

Dear NAME REDACTED,

The care we provide for each of our patients is very important to us. This care extends to Baystate's commitment to protecting our patients' privacy. We take patient privacy very seriously.

What Happened? On January 15, 2026, we learned that another patient received some of your paperwork. As soon as we learned of this, we began an investigation. Our review determined that on January 13, 2026, paperwork was inadvertently co-mingled on a mixed-use printer fax machine. This resulted in a copy of an Authorization of Temporary Involuntary Hospitalization form with your information on it being mixed in with another patient's discharge paperwork. The recipient reported this incident to us in good faith and shredded the information.

What Information Was Involved? The information that would have been seen included your name, address, date of birth, medical record number, social security number and details about your mental health conditions and treatment.

What We Are Doing. We took the following actions in response:

- Provided re-education to department staff about carefully reviewing discharge information before giving it to patients.
- Working with our IT department to ensure proper printing workflow.

What You Can Do. While we have no evidence of any misuse of your social security number, and out of an abundance of caution, we are offering you a complimentary two-year membership of *Experian's® IdentityWorks Credit 3B*.

This product helps detect possible misuse of your personal information and provides you with superior identity protection support focused on immediate identification and resolution of identity theft. Unfortunately, due to privacy laws, we are not able to enroll you directly. For more information on identity theft prevention and IdentityWorks Credit 3B, including instructions on how to activate your complimentary two-year membership, please see the additional information provided in this letter.

Please note that you will be required to give your SSN to Experian for them to enroll you in the program.

For More Information. The privacy of your information is very important to us. We sincerely regret that this occurred. If you have any questions, please do not hesitate to call our office at (413) 794-7955. You can also email me at: complianceoffice@baystatehealth.org and reference case 002076.
