Dear Attorney General Frey:

We represent Beach Properties d/b/a Basin Harbor Resort (“Basin Harbor Resort”), a resort located in Vergennes, Vermont. We write in accordance with the Maine Notice of Risk to Personal Data Act, 10 M.R.S. § 1348 (2005), to report a data event that involved the personal information of 21 residents of Maine. In making this submission, Basin Harbor Resort does not waive its rights or defenses regarding the applicability of Maine law or personal jurisdiction.

On October 20, 2025, Basin Harbor Resort became aware of suspicious activity within its network environment and took immediate action to secure the environment. Basin Harbor Resort engaged our law firm, as well as CFC-Response, a cyber forensics specialist firm, to conduct an investigation into the cause and scope of the incident, which was confirmed to be a ransomware attack. Following the investigation, Basin Harbor Resort learned that data from its network environment was accessed and acquired without authorization by an unknown actor. On October 24, 2025, Basin Harbor Resort confirmed that certain files within that data set contained personal information. Thereafter, Basin Harbor Resort engaged in a data mining process to identify that personal information and to whom it belonged. Following that process, Basin Harbor Resort also engaged in contact information research in order to affect written notification to as many people as possible. On April 14, 2026, after a national-change-of-address (NCOA) search was run by a notification vendor to verify contact information for those persons whose data was involved, Basin Harbor Resort learned that 21 Maine residents’ personal information was involved.

Basin Harbor Resort notified 21 Maine residents via U.S. mail on April 20, 2026. The impacted data included individuals’ name and Social Security number. Notified individuals were offered an opportunity to enroll in 12 months of complimentary credit monitoring and identity protection services through TransUnion. A sample copy of the notification letter is enclosed.

In order for you to receive the monitoring services described above, you must enroll within 90 days from the date of this letter. The enrollment requires an internet connection and e-mail account and may not be available to minors under the age of 18 years of age. Please note that when signing up for monitoring services, you may be asked to verify personal information for your own protection to confirm your identity.

Monitor Your Accounts and Credit Reports: It is good practice to remain vigilant of incidents of identity theft and fraud by reviewing your credit reports/account statements and explanation of benefits forms for suspicious activity and to detect errors. Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus, TransUnion, Experian, and Equifax. To order your free credit report, visit www.annualcreditreport.com or call 1-877-322-8228. Once you receive your credit report, review it for discrepancies and identify any accounts you did not open or inquiries from creditors that you did not authorize. If you have questions or notice incorrect information, contact the credit reporting bureau.

Fraud Alert Services: You have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any of the three credit reporting bureaus listed below.

Credit Freeze Instructions: As an alternative to a fraud alert, you have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without your express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit.

Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a credit freeze, you should provide the following information:

1. Full name (including middle initial as well as Jr., Sr., III, etc.);
2. Social Security number;
3. Date of birth;
4. Address for the prior two to five years;
5. Proof of current address, such as a current utility or telephone bill;
6. A legible photocopy of a government-issued identification card (e.g., state driver’s license or identification card); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft, if you are a victim of identity theft.
