RE: Notice of Data Breach

Dear Sample A. Sample:

Axxcss Wireless Solutions, Inc. (“Company”) experienced a data security incident that may have involved your personal information. We take the privacy and security of your information seriously and sincerely apologize for any concern or inconvenience this may cause you. This letter explains what happened, what information may have been affected, what measures we are taking in response, and steps you can take to help protect yourself and guard against possible identity theft and fraud.

What Happened? On December 4, 2025, we experienced suspicious activity on our Company network. We promptly engaged a cybersecurity firm to conduct a forensic investigation into the incident and notified law enforcement.

Based on the forensic investigation, an unknown third party gained unauthorized access to our environment from November 30 to December 4, 2025, which included a server that stores business administration information. Following further analysis, we recently determined that some human resources (“HR”) files containing certain of your personal information may have been exposed during the incident.

What Information Was Involved? The server impacted stored records of current and former employees and independent contractors of Company [Company], including name, address, social security number, identification card, passport or other government identification numbers, and date of birth.

What Are We Doing? When we were alerted to the suspicious activity, we promptly took measures to contain the incident, including changing passwords and upgrading our endpoint detection solution to monitor, detect and respond to threats to our network security. Further, we have secured the services of **Experian IdentityWorksSM** to provide you credit monitoring and identity theft restoration services at no cost to you, as described below.

To help protect your identity, we are offering, at no cost to you, access to Experian IdentityWorksSM for [Extra1] months.

Box 105281, Atlanta, GA, 30348-5281. You may also purchase a copy of your credit report by contacting one or more of the three national credit reporting agencies listed below.

When you receive your credit reports, review them carefully. Look for accounts or creditor inquiries that you did not initiate or do not recognize. Look for information, such as home address and Social Security number that is not accurate. If you see anything you do not understand, call the credit reporting agency at the telephone number on the report.

Credit Freeze

You have the right to put a security freeze, also known as a credit freeze, on your credit file, so that no new credit can be opened in your name without the use of a Personal Identification Number (PIN) that is issued to you when you initiate a freeze. A credit freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a credit freeze, potential creditors and other third parties will not be able to access your credit report unless you temporarily lift the freeze. Therefore, using a credit freeze may delay your ability to obtain credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. Should you wish to place a credit freeze, please contact all three major consumer reporting agencies listed below.

You must separately place a credit freeze on your credit file at each credit reporting agency. The following information should be included when requesting a credit freeze:

- 1) Full name, with middle initial and any suffixes;
- 2) Social Security number;
- 3) Date of birth (month, day, and year);
- 4) Current address and previous addresses for the past five (5) years;
- 5) Proof of current address, such as a current utility bill or telephone bill;
- 6) Other personal information as required by the applicable credit reporting agency;

If you request a credit freeze online or by phone, then the credit reporting agencies have one (1) business day after receiving your request to place a credit freeze on your credit file report. If you request a lift of the credit freeze online or by phone, then the credit reporting agency must lift the freeze within one (1) hour. If you request a credit freeze or lift of a credit freeze by mail, then the credit agency must place or lift the credit freeze no later than three (3) business days after getting your request.

Fraud Alerts

You also have the right to place an initial or extended fraud alert on your file at no cost. An initial fraud alert lasts 1-year and is placed on a consumer's credit file. Upon seeing a fraud alert display on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting 7 years. Should you wish to place a fraud alert, please contact any one of the agencies listed below. The agency you contact will then contact the other two credit agencies.
