**RE: NOTICE OF POSSIBLE DATA BREACH**

Dear Attorney General:

WEG Electric Corp. ("WEG") is writing to notify your office of an incident that may affect the security of certain personal information relating to two (2) New Hampshire residents. Although we have no evidence of identity theft or fraud related to the information as a result of this event, this letter provides information about the event, our response, and steps the resident may wish to take to protect against misuse of their information.

**What Happened?** Recently, WEG identified suspicious activity involving an employee (now terminated) accessing employee records without a legitimate reason. In response, we implemented containment and remediation measures and took steps to investigate the nature and scope of the activity. We retained an outside forensics firm to investigate the incident, and determined that certain information was accessed between April of 2023 until February of 2026. Following this determination, we analyzed all potentially affected data. On March 17, we determined that New Hampshire residents' personal information may have been impacted. We have no evidence that the information was subject to actual or attempted misuse as a result of this incident, or that the information even left WEG's network. We are providing this notice out of an abundance of caution.

**What Information Was Involved?** The investigation determined that certain information, including social security number and payroll information, was accessible at the time of the event.

**What We Are Doing.** As noted above, we promptly secured our environment and conducted a full investigation to determine the scope of the event. We are also evaluating our security policies and implementing additional safeguards to help prevent similar incidents in the future. Although we are unaware of any actual or attempted identity theft or fraud resulting from this incident, we are offering the resident access to twelve (12) months of complimentary credit monitoring and identity protection services through LifeLock. Written notice was provided in substantially the same form as the letter attached here as *Exhibit A*.

**For More Information.** WEG takes the privacy and security of all information in its possession very seriously. If you have any questions or need additional information, please do not hesitate to contact me at (770) 845-9364 EST or jeffreyjones@weg.net, or write to 6655 Sugarloaf Parkway, Duluth, GA 30097.

Respectfully,

Jeffrey Jones

### **Monitor Your Accounts**

Under U.S. law, each consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. We recommend that you periodically obtain a credit report from each nationwide credit reporting agency and request deletion of any information relating to fraudulent transactions. To order a free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call toll-free 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free credit report.

You have the right to place an initial or extended "fraud alert" on your credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a credit file. If a fraud alert is displayed on a consumer's credit file, a business is required to take steps to verify the consumer's identity before extending new credit. Victims of identity theft are entitled to an extended fraud alert, which is a 7-year fraud alert. If you wish to place a fraud alert, contact any of the three major credit reporting bureaus listed below.

You also have the right to place a free "credit freeze" on your credit report pursuant to 15 U.S.C. § 1681c-1, which will prohibit a credit bureau from releasing information in the credit report without your express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your express consent. However, using a credit freeze to control access to the personal and financial information in a credit report may delay, interfere with, or prohibit the timely approval of any request or application made regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze. To request a credit freeze, you may need to provide some or all of the following information, depending on whether the request is made online, by phone, or by mail:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number or copy of Social Security card;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver's license or ID card, etc.); and
7. If you are a victim of identity theft, a copy of either the police report, investigative report, or complaint to a law enforcement agency.

Should you wish to place a credit freeze or fraud alert, contact the three major credit reporting bureaus listed below:

In addition to the options outlined above, you may place an alert with ChexSystems. Chex Systems, Inc. is a consumer reporting agency governed by the Fair Credit Reporting Act ("FCRA") and other laws. ChexSystems provides account verification services to its financial institution members to aid them in identifying account applicants who may have a history of account mishandling (for example, people whose accounts were overdrawn and then closed by them or their bank). In short, ChexSystems is like the credit reporting agencies (Equifax, Experian, TransUnion) but specific to checking/savings history instead of credit/loan history. ChexSystems offers two protections:

- **Consumer Report Security Alert.** This puts a flag on your consumer file notifying banking institutions that they must take additional steps to confirm the identity of the person initiating the action (much like placing a fraud alert with the credit reporting agencies). You may request a 90-day alert, which is the default, though you may extend it to 7 years if you complete the ChexSystems ID Theft affidavit form (available online), have the affidavit notarized, and send the notarized affidavit to ChexSystems. To set the Consumer Report Security Alert, call (888) 478-6536 or online by visiting [www.chexsystems.com](http://www.chexsystems.com).
- **Consumer Report Security Freeze.** This will prohibit ChexSystems from releasing any information in your consumer file without your express authorization, meaning you have to contact ChexSystems and lift the freeze in order for your information to be released (much like placing a freeze with the credit reporting agencies). You should be aware that taking advantage of this right may delay or prevent timely approval from any user of your consumer report that you wish to do business with. The third party will receive a message indicating that you have blocked your information. To set the Consumer Report Security Freeze, call (800) 887-7652 or online by visiting [www.chexsystems.com](http://www.chexsystems.com).

### **Additional Information**
