

IMPORTANT NOTICE OF PRIVACY INCIDENT

NAS RECOVERY SOLUTIONS

NAS Recovery Solutions is providing notice of a privacy incident involving certain client information.

WHAT HAPPENED?

On May 13, 2026, NAS Recovery Solutions became aware that certain client information may have been downloaded by workforce members without authorization. Upon discovery, we immediately began an investigation, secured relevant records and systems, and implemented measures to prevent further unauthorized access.

WHAT INFORMATION WAS INVOLVED?

The information involved may have included:

- First Name
- Last Name
- Telephone Number
- Date of Birth

Because this information was maintained by a substance use disorder treatment provider, it may have identified an individual as a current or former client of NAS Recovery Solutions.

At this time, our investigation has not identified unauthorized access to Social Security numbers, driver's license numbers, financial account information, health insurance identification numbers, or payment card information, nor SUD treatment records.

WHAT WE ARE DOING

We have taken steps to address this incident, including:

- ✓ Conducting a comprehensive investigation
- ✓ Reviewing workforce access and security controls
- ✓ Implementing additional privacy and security safeguards
- ✓ Providing additional HIPAA and confidentiality training
- ✓ Taking appropriate corrective action regarding the individuals involved
- ✓ Notifying affected individuals and regulatory agencies as required by law

QUESTIONS?

If you believe you may have been affected or would like additional information, please contact:

Privacy Officer

NAS Recovery Solutions

Phone: 720-239-2848
Email: info@nasrecoveryolutions.com
Address: 12650 W 64th St, Arvada, CA 80004

NAS Recovery Solutions sincerely regrets any concern or inconvenience this incident may cause. Protecting the privacy and confidentiality of our clients remains one of our highest priorities.
