NOTICE OF DATA BREACH

Dear <<First Name>> <<Last Name>>,

Recovery Café (“Recovery Café” or “we”) is writing to inform you of a data security incident that compromised some personal information about you. This letter provides you with details about the incident, steps we are taking in response, and recommendations to help you protect against potential misuse of your information.

What Happened? Between approximately June 26 and June 30, 2026, an unauthorized party accessed our computer network. We discovered this incident on June 30, 2026, and promptly took action to terminate the unauthorized party’s access and secure our network. We also launched an investigation.

During our investigation, on or around July 15, 2026, we determined that the incident compromised data stored on a system that includes personal information about Recovery Café current and former employees and contractors. The personal information on that system includes personal information about you.

What Information Was Involved? The affected personal information varies by individual but generally includes first and last name, contact and demographics information (e.g., address, phone number, email address, age, etc.), date of birth, Social Security number, driver’s license number, passport number and/or other government-issued identifier, and health insurance policy numbers and identification numbers (if you participate or participated in Recovery Café’s group health plan). We are not aware of any misuse of the information at the time of this writing.

What We Are Doing. We have taken steps to reduce the likelihood of a similar event occurring in the future, including by implementing more advanced security monitoring tools and strengthening our access controls.

We also are offering you complimentary identity theft protection services through IDX. Those services include: 24 months of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. With this protection, IDX will help you resolve issues if your identity is compromised.

What You Can Do. Although we are unaware of any misuse of the affected information, it is always a good idea to remain vigilant for signs of identity theft and other fraud. We recommend that you review the “Further Steps You Can Take to Protect Your Information” enclosed with this letter for additional actions you can take to protect your information. We encourage you to contact IDX with any questions and to enroll in the free identity protection services by calling 1-833-788-9712, going to <https://app.idx.us/account-creation/protect>, or scanning the QR image and using the Enrollment

Code provided above. IDX representatives are available Monday through Friday, excluding U.S. Holidays, from 9 am - 9 pm Eastern Time.

For More Information. Please call 1-833-788-9712 or go to <https://app.idx.us/account-creation/protect> for assistance or for any additional questions you may have. You may also write to us at the address below.

Recovery Café is committed to protecting the security of our customers' information, and we appreciate your understanding. Please note that we will not send any electronic communications regarding this incident and ask that you do not share personal information electronically.

Sincerely,

Recovery Café
2022 Boren Avenue
Seattle, WA 98121

FURTHER STEPS YOU CAN TAKE TO PROTECT YOUR INFORMATION

Review Your Account Statements and Notify Law Enforcement of Suspicious Activity: As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (FTC).

Copy of Credit Report: You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting <http://www.annualcreditreport.com/>, calling toll-free 877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You can print this form at <https://www.annualcreditreport.com/cra/requestformfinal.pdf>. You also can contact each one of the three national credit reporting agencies (contact information below).

Fraud Alert: You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least 90 days. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at <http://www.annualcreditreport.com>.

Security Freeze: A security freeze will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement. Under federal law, you may not be charged to place or remove a credit freeze.

Police Report: If you file a police report, you have the right to obtain a copy of it. Our notification to you was not delayed by a law enforcement investigation.

Additional Free Resources on Identity Theft: You can obtain information from the consumer reporting agencies, FTC (<https://www.identitytheft.gov/>) or from your respective state Attorney General about steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the Federal Trade Commission or to the Attorney General in your state. You may want to contact your state Attorney General to obtain further information. You may be able to locate contact information for your state attorney general here: <https://www.naag.org/find-my-ag/>.
