Dear <<Full Name>>:

We are writing to inform you about a recent incident experienced by Accumedic Computer Systems, Inc. ("Accumedic"). Accumedic provides electronic medical records (EMR) services to various health care organizations and providers including the Karen Horney Clinic. While we are unaware of any attempted or actual misuse of any information involved in this incident, we are providing you with information about the incident and steps you can take to protect yourself, should you feel it necessary.

What Happened? On August 25, 2026, Accumedic notified Karen Horney Clinic of a cyber incident that affected Accumedic systems and caused a disruption in services. Accumedic immediately isolated affected servers, notified law enforcement, and initiated an investigation with the assistance of third-party forensic experts. On August 7, 2026 our investigation determined that an unauthorized third party initially gained access to Accumedic systems on or around April 8, 2026 and potentially obtained personal information between June 4 and 8, 2026. Given the nature and complexity of the data involved, we have been working diligently with a dedicated review team, including internal and external experts, to conduct a detailed analysis of the affected files to identify the personal information contained therein. We are providing you with this notice upon the recent conclusion of this time-intensive data analysis as your personal information was contained in the affected files.

What Information Was Involved? The affected files contained your name and the following: <<Data Elements>>. Presently, there is no evidence or indication of actual or attempted misuse of your personal information.

What Is Being Done? Upon discovery of the incident, Accumedic safely restored its systems and operations, notified law enforcement, and has been cooperating with the ongoing law enforcement investigation. Accumedic has taken additional steps to harden the security of its systems and networks. Accumedic is also notifying you in case you decide to take further steps to protect your information should you feel it appropriate to do so. In addition, we are providing you with access to <<CM Duration>> months of credit monitoring and identity restoration services through Epiq at no charge to you. Obtain a Free Credit Report

Under U.S. law, you are entitled to one free credit report annually from each of the three major credit reporting bureaus (Equifax, Experian, and TransUnion), and since October 2023 those bureaus have made free weekly reports permanently available. Obtaining a copy of your credit report from each agency on an annual basis, and reviewing it for suspicious activity, can help you spot problems and address them quickly. You can request your free credit report online at www.annualcreditreport.com or by phone at 1-877-322-8228. You can also request your free credit report by completing the request form at: www.annualcreditreport.com, and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

Place a Fraud Alert

As a precaution against identity theft, you can consider placing a fraud alert on your credit file. A "fraud alert" tells creditors to contact you before opening a new account or changing an existing account. A fraud alert also lets your creditors know to watch for unusual or suspicious activity. To place a fraud alert, call any one of the three major credit reporting agencies listed below. An initial fraud alert remains effective for one year and is free of charge. If you wish, you can renew the fraud alert at the expiration of this initial period. As soon as one credit agency confirms your fraud alert, the others are notified to place fraud alerts on your file.

Federal law also allows consumers to place, lift or remove a security freeze on their credit reports at no charge. A security freeze prohibits a credit reporting agency from releasing any information from a consumer's credit report without written authorization. You may request the security freeze through *each* of the credit reporting agencies' websites, over the phone, or by regular, certified, or overnight mail to the addresses below:
